WRIGHT, individually, and on behalf of  
other members of the general public  
similarly situated,

Plaintiffs,

v.

LYFT, INC., a Delaware corporation, and  
DOES 1 through 100, inclusive,

Defendants.

Case No.:

**CLASS ACTION COMPLAINT**

**DEMAND FOR JURY TRIAL**

1 Plaintiffs CASEY LOEWEN and JONATHAN WRIGHT, on behalf of  
2 themselves, and all others similarly situated, and the general public, file this Complaint  
3 against Defendant LYFT, INC., a Delaware corporation, and DOES 1 through 100  
4 inclusive. Plaintiffs' allegations are based upon information and belief and upon  
5 investigation of Plaintiffs' counsel, except for allegations specifically pertaining to  
6 Plaintiffs, which are based upon Plaintiffs' personal knowledge.

### 7 **JURISDICTION & VENUE**

8 1. This Court has subject matter jurisdiction under the Class Action Fairness  
9 Act of 2005, 28 U.S.C. § 1332(d)(2)–(6), because there is (1) at least 100 class  
10 members, (2) minimal diversity, and (3) an amount in controversy that exceeds  
11 \$5 million, exclusive of interest and costs.

12 2. This Court has personal jurisdiction over Defendant LYFT, INC. because  
13 it is domiciled in the Northern District of California. *See Milliken v. Meyer*, 331 U.S.  
14 457, 462–63 (1940).

15 3. Venue is proper in the Northern District of California pursuant to 28  
16 U.S.C. § 1391(b) and (c).

19 times relevant herein, was a resident of San Diego, California. Plaintiff brings this  
20 action on behalf of himself, and the general public.

22 times relevant herein, was a resident of Los Angeles, California. Plaintiff brings this

 3 fictitious names. Plaintiffs will amend this complaint to allege the true names and  
 4 capacities of DOES 1 through 100 when ascertained. Each of these fictitiously named  
 5 defendants participated or acted in concert with Defendant LYFT, INC. and is

 17 referred to hereafter as “LYFT”.

## 18                               **FACTUAL ALLEGATIONS**

### 19       **A.   BACKGROUND FACTS**

20           11.       LYFT is a San Francisco-based transportation network company that  
 21 facilitates peer-to-peer ridesharing through its mobile-phone application by connecting  
 22 passengers who need a ride to drivers who have a car. Passengers use the app by  
 23 entering their pickup address and where they would like a ride to. Once a LYFT driver  
 24 accepts a passenger’s ride request, the app displays a photo of the driver and the car’s  
 25 license plate number and model. The car arrives bearing LYFT’s signature pink  
 26 mustache for easy identification.

27           12.       In order to become a LYFT driver, applicants need to fill out an  
 28 application, take a “welcome ride,” and pass a background check, in that order. The

1 application asks for basic personal and automobile information. The “welcome ride”  
2 consists of meeting with a “mentor,” a vehicle inspection, and a “practice ride.” And  
3 the background check examines of the applicant’s driving record and criminal history.  
4 Parts of the background check are conducted by LYFT directly, other parts are  
5 conducted by a third-party. Once a driver is approved, he or she may immediately  
6 begin giving rides using the LYFT app.

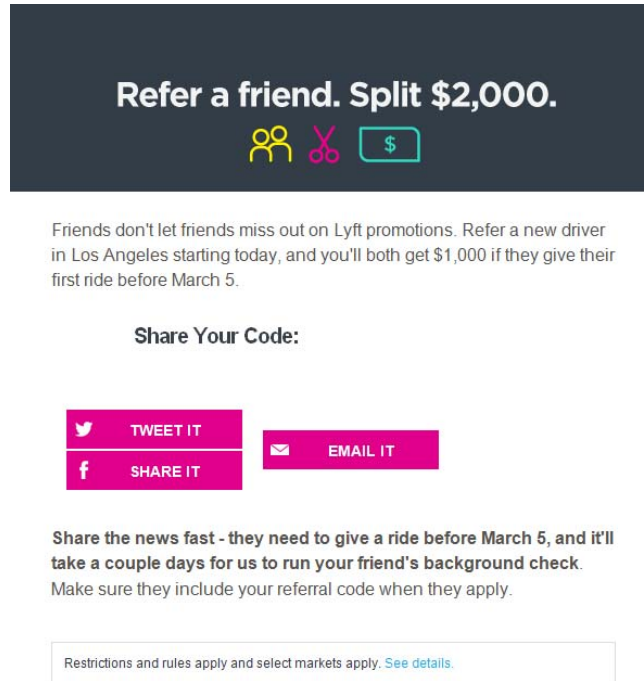

7 **B. LYFT’S TWO \$1,000 NEW DRIVER REFERRAL PROMOTIONS**

8 13. In an effort to grow its driver community and compete with other  
9 rideshare companies (such as Uber), LYFT launched two \$1,000 new driver referral  
10 programs on or about February 25, 2015. These programs were available in the  
11 following cities: Atlanta, Austin, Boston, Chicago, Dallas, Denver, Los Angeles,  
12 Miami, Nashville, Philadelphia, San Diego, San Francisco, San Jose, Seattle, and  
13 Washington D.C.

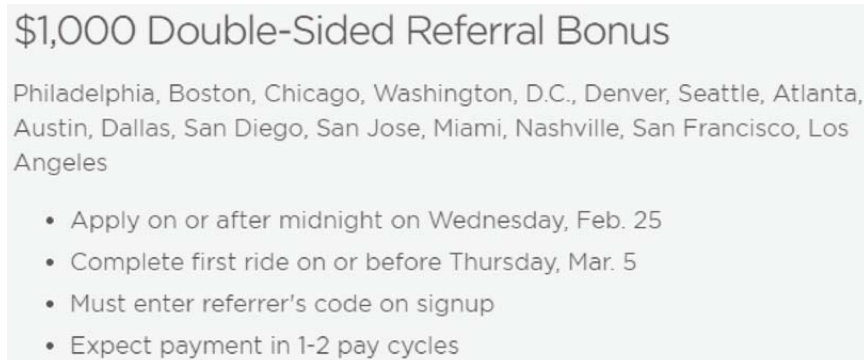

14 14. The first of these promotions was a “\$1,000 Double-Sided Referral  
15 Bonus” program, whereby current LYFT drivers could refer new drivers, and both the  
16 referring driver and the new driver would each receive \$1,000. In order to qualify for  
17 the promotion, the new driver had to: (1) apply on or after midnight on Wednesday,  
18 February 25, 2015; (2) enter his or her referrer’s code on signup; and (3) complete their  
19 first ride on or before Thursday, March 5, 2015.

20 15. LYFT communicated this promotion in two ways: (1) an email to all of its  
21 current drivers in participating cities; and (2) on its website, under the “Current  
22 Promotions” section.  
23  
24  
25  
26  
27  
28

a. The email set forth the general terms of the promotion and stated that “it’ll take a couple days for us to run your friend’s background check.” A copy of this email is depicted below:

b. The website—which the email contained a hyperlink to—also included the terms of the agreement. A screenshot of the relevant portion of the website is depicted below:

16. The second promotion was a “\$1,000 Sign-On Bonus,” which essentially allowed new drivers to sign up directly without the need of being referred. In order to

1 qualify for the promotion, the new driver had to: (1) apply on or after midnight on  
 2 Wednesday, February 25, 2015; (2) enter the code BENJAMINS on signup; and (3)  
 3 complete their first ride on or before Thursday, March 5, 2015. A screenshot of the  
 4 relevant portion of the website is depicted below:

12 **C. BOTH PROMOTIONS ATTRACT THOUSANDS OF NEW DRIVERS.**

13 17. Both the “\$1,000 Double-Sided Referral Bonus” and the “1,000 Sign-On  
 14 Bonus” promotions were very popular, and resulted in thousands of new driver  
 15 applications being filed in the first 24 hours of the promotions being offered.

16 18. As a result, LYFT stopped offering the promotions in several of the  
 17 participating cities. For example, on February 27, 2015, LYFT sent an email out to  
 18 drivers in the Los Angeles area stating that the two promotions “resulted in thousands  
 19 of new applications – proving that no one can hustle as hard as Lyft drivers. Because  
 20 of the unprecedented response, we’re no longer offering the bonuses for new  
 21 applications in Los Angeles.” It also noted that if an application was filed “before 12  
 22 p.m. (3 p.m. EST) today, they’re still eligible for the \$1,000 bonus” if their “first ride is  
 23 completed by March 5.” A copy of the email sent to Los Angeles drivers and new  
 24 applicants is depicted below:

**Success! Thanks for all the referrals.**

Yesterday we announced our \$1,000 sign-on and driver referral bonuses, which resulted in thousands of new applications - proving that no one can hustle as hard as Lyft drivers.

**Because of the unprecedented response, we're no longer offering the bonuses for new applications in Los Angeles.**

If you or your friends applied before 12 p.m. (3 p.m. EST) today, they're still eligible for the \$1,000 bonus. Just make sure that first ride is complete by March 5.

We'll continue growing passenger demand and will be looking for new drivers again soon.

Offer and eligibility is subject to change, and available in select cities only. [Head to the Help Center](#) to see current promotions.

19. Substantially similar emails were sent out to other participating cities. The only parts of the email that were different were the city and the date the promotion stop accepting new drivers in that city.

**D. LYFT FAILS TO TIMELY PROCESS BACKGROUND CHECKS, MAKING IT IMPOSSIBLE FOR NEW DRIVERS TO GIVE THEIR FIRST RIDE BEFORE MARCH 5TH.**

20. New drivers that signed up under the "\$1,000 Double-Sided Referral Bonus" and the "1,000 Sign-On Bonus" began working their way through the application process in order to be able to complete their first ride by March 5th. Although drivers generally had no trouble filling out their new application, inputting the appropriate promotion code, and completing their "welcome ride," LYFT and its third-party vendor were not processing background checks fast enough to ensure that new drivers would be able to give their first ride by March 5th. Indeed, despite the fact that LYFT stated that it would only take a "couple days" to approve a background check, many new drivers were told by LYFT and its third-party vendor that it would

1 take at least one to two weeks for their background check to be approved.

2 21. On March 4, 2015, LYFT sent an email out to all of its new applicants and  
3 drivers in participating cities. It stated that “[l]ast week’s invitation – apply to be  
4 driver, give 1 ride by March 5, and make \$1,000 – brought the biggest wave of  
5 applicants in Lyft history. As we’re processing the applications, its important that we  
6 continue to fulfill our safety obligations. Some of these steps, including DMV and  
7 background checks, are outside our control and can vary in length for different  
8 applicants. It is possible that you won’t qualify for the promotion if all steps aren’t  
9 completed by the March 5th deadline, along with the ride requirement.” A copy of this  
10 email is depicted below:

11  
12 **Update about driver  
13 sign-on bonuses**

14  
15  
16 Last week's invitation - apply to be a driver, give 1 ride by March 5, and  
17 make \$1,000 - brought the biggest wave of applicants in Lyft history.

18 As we're processing the applications, it's important that we continue to  
19 fulfill our safety obligations. Some of these steps, including DMV and  
20 background checks, are outside our control and can vary in length for  
21 different applicants.

22 It is possible that you won't qualify for the promotion if all steps aren't  
23 completed by the March 5 deadline, along with the ride requirement. In  
24 the meantime, you can check the status of your application at  
25 [lyft.com/drivers](http://lyft.com/drivers).

26 We'll be in touch again via email with another update on Friday. Thank  
27 you for your patience.

28 22. On March 5, 2015, LYFT send out another email stating that it “vastly  
underestimated the volume of applications we would receive for our \$1,000 sign-on  
promotion . . . . We owe it to the driver community and our passengers to make sure  
our approval process is rigorous and complete. All elements of our safety process are  
imperative and can take time – that means some applications haven’t been approved

1 yet even though the applicant's DMV and background checks are in. We know this  
 2 can be frustrating." LYFT then stated that it would extend the first ride requirement  
 3 "deadline to March 12 for those who applied for this promotion and pass[ed] their  
 4 DMV and background check by March 5." LYFT did not, however, offer extensions to  
 5 individuals whose background check was not approved until after March 5th, which  
 6 was a vast majority of applicants. A copy of this email is depicted below:

Hi

Lyft learned a lesson this week, and we're sorry for the frustration it caused you. We vastly underestimated the volume of applications we would receive for our \$1,000 sign-on promotion, which was created to help us keep up with record-breaking passenger demand.

We owe it to the driver community and our passengers to make sure our approval process is rigorous and complete. All elements of our safety process are imperative and can take time - that means some applications haven't been approved yet even though the applicant's DMV and background checks are in. We know this can be frustrating.

Based on ideas from our community, here are the actions we're taking:

- **Extension of deadline to March 12 for those who applied for this promotion and pass their DMV and background check by March 5.** We're still completing our internal review of many applications, but if your DMV and background checks pass by end of day today (March 5), we're providing an extension until March 12 to meet your ride requirement.
- **We, at Lyft, will not benefit from an application if an applicant does not qualify for the promotion and does not want to continue through the application process.** By default, we won't use any information from the applications of drivers who don't qualify for the promotion, unless they would like us to continue with the application.

You'll receive an email from us tomorrow evening with your eligibility for the extension outlined above. If you are not eligible, you will have the choice of whether or not to continue with your application.

It's the responsibility of our team to make sure whenever we develop big ideas, we continue to keep the best interests of drivers top of mind. That's the company we always strive to be.

We still have some work to do to get there - and it's work we want to do together with you. Thanks to those of you who gave us productive feedback on how to improve, and for holding us to a higher standard.

John Zimmer  
 Lyft Co-Founder

23. LYFT's actions caused outrage throughout the LYFT community, with many referring drivers and new drivers believing the entire promotion had been a scam to attract new drivers without having to pay them \$1,000. Many drivers took to the Internet to voice their frustrations, accompanied by the hashtag #lyftgate.

**E. PLAINTIFF LOEWEN'S EXPERIENCE**

24. Plaintiff LOEWEN has been a LYFT driver in San Diego, California since August 2013.

25. On February 26, 2015, Plaintiff LOEWEN received the email offering the "\$1,000 Double-Sided Referral Bonus" promotion depicted in paragraph 15.a.

26. Pursuant to the promotion, Plaintiff LOEWEN referrers Lauren Turton to be a San Diego driver for LYFT, who completed the online portion of the application using Plaintiff LOEWEN's referral code on February 26, 2015.

27. On March 3, 2015, Lauren Turton completes all elements of her "welcome ride." At this point, nothing remains for Lauren Turton to do except her first ride, which cannot happen until LYFT, and LYFT's third-party vendor, approve her background check and finalize her application.

28. On March 4, 2015, Lauren Turton is told that her background check is completed, except for the San Diego criminal background check portion, which will not be completed until March 10, 2015 (i.e., 7 days after she completed her welcome ride, and 5 days after the deadline to give her first ride expired).

29. On March 8, 2015, Plaintiff LOEWEN is informed that Lauren Turton did not complete her first ride before March 5th because her background check was not given by March 5th, and therefore Plaintiff LOEWEN will not be receiving \$1,000.

30. Lauren Turton's background check was eventually approved on March 9, 2015, and she completed her first ride the same day.

**F. PLAINTIFF WRIGHT'S EXPERIENCE**

31. On February 27, 2015, Plaintiff WRIGHT applied to be a new driver using the BENJAMIN'S code pursuant to the "\$1,000 Sign-On Bonus."

32. On February 27, 2015, Plaintiff WRIGHT completed all elements of his “welcome ride.” At this point, nothing remains for Plaintiff WRIGHT to do except his first ride, which cannot happen until LYFT, and LYFT’s third-party vendor, approve his background check and finalize his application.

33. On March 4, 2015, Plaintiff WRIGHT called LYFT’s third-party vendor to check on the status of his background check. He was told that they’d only just received it from LYFT, and that it’s not scheduled to be completed until March 9, 2015. Plaintiff WRIGHT asked if they could expedite his background check, but was told that only LYFT had the ability to request background checks to be expedited.

34. On March 7, 2015, Plaintiff WRIGHT received an email from LYFT stating, “Thanks for applying to be a driver during our recent referral promotion, which expired last night. According to our records, you did not qualify for the extension we announced Thursday.” A copy of the email is depicted below:

### Status of Your Application

**CLASS ACTION ALLEGATIONS**

35. Plaintiffs bring this action on behalf of themselves and on behalf of others similarly situated, and thus, seek class certification under Federal Rule of Civil Procedure 23.

36. The proposed subclasses are defined as follows.

**DRIVER SUBCLASS:**

The Driver Subclass is comprised of all persons who: (1) were a LYFT driver between February 25, 2015 and March 5, 2015; (2) referred a new driver to LYFT under the “\$1,000 Double-Sided Referral Bonus Program”; but (3) did not receive their \$1,000 because their referral’s background check was not approved prior to March 5th. This subclass is represented by Plaintiff LOEWEN.

**NEW DRIVER SUBCLASS:**

The New Driver Subclass is comprised of all persons who: (1) were either referred under “\$1,000 Double-Sided Referral Bonus” or applied under “\$1,000 Sign-On Bonus” but (2) did not receive \$1,000 because their background check was not approved prior to March 5th. This subclass is represented by Plaintiff WRIGHT.

37. In addition, or in the alternative, to the above-defined subclasses, Plaintiffs reserve the right to establish additional subclasses as appropriate to facilitate the effective management of the class.

38. Plaintiffs are informed and believe, and based thereon allege, that the subclasses meet the requirements of Federal Rule of Civil Procedure 23:

a. Plaintiffs are informed and believe, and based thereon allege, that

1 the class and subclass members are so numerous that joinder of all class  
2 members is impracticable. Although the membership of the two subclasses is  
3 unknown to Plaintiffs at this time, the identity of such membership is readily  
4 ascertainable by inspection of LYFT's business records.

5 b. Plaintiffs are members of the subclasses that they seek to represent,  
6 and Plaintiffs' claims are typical of the claims of the other class members.  
7 Plaintiffs are informed and believe, and based thereon allege, the LYFT made  
8 the same promotional offer to each of the members of the subclasses. LYFT  
9 therefore has the same obligations to Plaintiffs and the other class members.  
10 Finally, Plaintiffs are informed and believe, and based thereon allege, that the  
11 nature of the damages and their causation will be the same for Plaintiffs and the  
12 other class members.

13 c. Plaintiffs will fairly and adequately represent and protect the  
14 interests of the subclasses they seek to represent because: (1) Plaintiffs have  
15 retained experienced litigation counsel with significant experience in class action  
16 litigation who will adequately represent the interests of the class and subclasses;  
17 (2) Plaintiffs and their counsel are aware of no conflicts of interests between  
18 Plaintiffs and absent class members; and (3) Plaintiffs are knowledgeable  
19 concerning the subject matter of this action and will assist counsel in the  
20 prosecution of this action.

21 d. Plaintiffs are informed and believe, and based thereon allege that a  
22 class action provides a fair and efficient method of adjudicating this controversy  
23 and is superior to other available methods of adjudication in that: (1) neither the  
24 size of the class, nor any other factor, make it likely that difficulties will be  
25 encountered in the management of this action as a class action; (2) the  
26 prosecution of separate actions by individual class members or the individual  
27 joinders of all class members in this action is impracticable, and would create a  
28 massive and unnecessary burden on the resources of the courts, and could result

1 in inconsistent adjudication, while a single class action can determine, with  
 2 judicial economy, the rights of each member of the class; (3) because of the  
 3 disparity of resources available to LYFT verses those available to individual  
 4 class members, prosecution of separate actions would work a financial hardship  
 5 on many class members; (4) the conduct of this action as a class action conserves  
 6 the resources of the parties and the court system and protects the rights of each  
 7 class member and meets all due process requirements as to fairness to all parties;  
 8 and (5) all of the claims arise out of the same circumstances and course of  
 9 conduct.

10 39. There are common questions of law and fact as to the class members that  
 11 predominate over questions affecting only individual members.

12 **FIRST CAUSE OF ACTION**  
 13 **(Breach of Unilateral Contract (Driver Subclass))**  
 14 **(Against Defendant LYFT, INC. and DOES 1 through 100)**

 18 Austin, Boston, Chicago, Dallas, Denver, Los Angeles, Miami, Nashville,  
 19 Philadelphia, San Diego, San Francisco, San Jose, Seattle, and Washington D.C.  
 20 \$1,000 if they referred a new driver who: (1) applied on or after midnight on February  
 21 25, 2015, (2) entered the referring driver's code on signup, and (3) completed their first  
 22 ride on or before March 5, 2015.

23 42. Plaintiff LOEWEN and the other members of the Driver Subclass  
 24 substantially performed this contract by referring new drivers who: (1) applied on or  
 25 after midnight on Wednesday, February 25, 2015; (2) entered their code on signup; and  
 26 (3) took all steps necessary to completed their first ride on or before March 5, 2015,  
 27 including, but not limited to, filling out their application and completing their

1 fault of their own because LYFT did not approve their background checks or finalize  
2 their applications prior to March 5th.

3 43. On or about March 6, 2015, LYFT breached this contract by stating that it  
4 would not by paying \$1,000 to Plaintiff LOEWEN and other drivers whose referrals  
5 did not give their first ride by March 5, 2015 even though they had substantially  
6 performed on the contract.

7 44. As a direct and foreseeable result of LYFT's breach, Plaintiff LOEWEN  
8 and the other members of the Driver Subclass have been subject to damages in the  
9 amount of \$1,000 per substantially performing new driver and other foreseeable  
10 incidental and consequential damages.

11 **SECOND CAUSE OF ACTION**  
12 **(Breach of Unilateral Contract (New Driver Subclass))**  
13 **(Against Defendant LYFT, INC. and DOES 1 through 100)**

17 Austin, Boston, Chicago, Dallas, Denver, Los Angeles, Miami, Nashville,

19 \$1,000 if they: (1) applied on or after midnight on February 25, 2015, (2) entered either  
20 a referring driver's code or the BENJAMINS code on signup, and (3) completed their  
21 first ride on or before March 5, 2015.

22 47. Plaintiff WRIGHT and the other members of the Driver Subclass  
23 substantially performed this contract by: (1) applying on or after midnight on  
24 Wednesday, February 25, 2015; (2) entering a referring driver's code or the  
25 BENJAMINS code on signup; and (3) taking all steps necessary to completed their first  
26 ride on or before March 5, 2015, including, but not limited to, filling out their  
27 application and completing their "welcome ride", but (4) could not actually give their  
28 first ride by March 5th through no fault of their own because LYFT did not approve

1 their background checks prior to March 5th.

2 48. On or about March 6, 2015, LYFT breached this contract by stating that it  
3 would not by paying \$1,000 to Plaintiff WRIGHT and other new drivers who did not  
4 give their first ride by March 5, 2015 even though they had substantially performed on  
5 the contract.

6 49. As a direct and foreseeable result of LYFT's breach, Plaintiff WRIGHT  
7 and the other members of the New Driver Subclass have been subject to damages in the  
8 amount of \$1,000 and other foreseeable incidental and consequential damages.

### 9 **THIRD CAUSE OF ACTION**

10 **(Fraud—Intentional Misrepresentation (Driver Subclass))**  
11 **(Against Defendant LYFT, INC. and DOES 1 through 100)**

12 50. Plaintiffs hereby incorporate by reference each and every one of the  
13 preceding paragraphs as if the same were fully set forth herein.

14 51. LYFT communicated multiple material misrepresentations to Plaintiff  
15 LOEWEN and the Driver Subclass, namely that it would only "take a couple of days"  
16 to complete a background check.

17 52. LYFT knew that the misrepresentations it communicated to Plaintiff  
18 LOEWEN and the Driver Subclass were false when they made them.

19 53. LYFT communicated the misrepresentations to Plaintiff LOEWEN and the  
20 Driver Subclass with the intent to induce Plaintiff LOEWEN and the Driver Subclass
